

SENATE BILL 2251
By Kyle

AN ACT to amend Tennessee Code Annotated,
Title 4; Title 8; Title 9, and Title 12, relative
to enterprise resource planning.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF TENNESSEE:

SECTION 1. Tennessee Code Annotated, Section 4-3-1010, is amended by adding as a new subsection (c) the following:

(c) The commissioner of finance and administration shall have the authority to develop an enterprise resource planning system. Such system is designed to integrate and automate various functions of state government; in the initial design of a system for the state, the commissioner is to inform the information systems council of its development and its capabilities.

SECTION 2. Tennessee Code Annotated, Title 8, Chapter 50, Part 1, is amended by adding the following as a new, appropriately designated section:

Section 8-50-117. (a) Notwithstanding the provisions of any other law to the contrary, the commissioner of finance and administration, pursuant to the provisions of Section 4-3-1010, shall have the authority, pursuant to the creation and full implementation of an enterprise resource planning system, to cause any adaptable functions of state government to become a part of such system. In the establishment of an enterprise resource planning system, the commissioner shall work with the commissioners of general services and personnel to insure that any and all transfers of governmental functions into the system are handled in a manner in which general governmental functions are not unduly interrupted and that any existing data that is

required to be transferred is moved in a manner that insures safety and full protection of the data.

(b) During the implementation phase of an enterprise resource planning system, the commissioner of finance and administration shall provide quarterly updates to all departments and agencies of state government, including the state and local government committees of the general assembly of the State of Tennessee, of the progress of such system. Such updates shall include the degree of progress in implementation, the types of systems being integrated, the capabilities of the new system, and the projected completion date of the implementation.

SECTION 3. This act shall take effect upon becoming a law, the public welfare requiring it.
